NOTICE OF SESSION OF MAYOR AND COMMISSIONERS TO HEAR OBJECTIONS TO REPORT OF APPRAISERS IN STREET IMPROVEMENT DISTRICT NO. 19 OF THE CITY OF ARDMORE, OKLAHOMA.

In pursuance of resolution of Board of Commissioners passed and approved on the 25th day of July, 1915, notice is hereby given that on the 8th day of August, 1916, at 8 o'clock p. m., the mayor and commissioners of the City of Ardmore will hold a session at session chambers in said city for the purpose of hearing any complaints or objections that may be made by the owners of property on that portion of Bixby avenue from the west line of H street, southwest, to the west line of the Oklahoma, New Mexico & Pacific Railway right-of-way and that portion of I street, southwest, from the north line of Bixby avenue, southwest, to the north line of McLaughlin avenue, southwest, the same constituting Street Improvement District No. 19 of the City of Ardmore, Oklahoma, concerning the appraisalment

and apportionment of benefits as to any of the lots and tracts of land in said district; at which time the mayor and commissioners will review and correct said appraisalment and apportionment as made by said appraisers and raise or lower the same as to any lots or tracts of land as they may deem just and by resolution, confirm the same as so revised and corrected by them.

Given under my hand this 26th day of July, 1916.

G. H. BRUCE,

(Seal) City Clerk.
(First Published July 26, 1916).

He Fixed It Up.

"A good many democrats," remarked Senator Swanson of Virginia, "appeared to be worrying over the prospects of the nomination of Justice Hughes, the assumption on their part being that he was the only formidable candidate the republicans could name against President Wilson. Another section seemed equally timorous lest the opposition name Roosevelt. My own view of the situation made me think of an incident that happened down by my section of the Old Dominion."

"An old colored man went to the county courthouse and secured a license to marry one Liza Brown. A little later he went back to the clerk's office and told that official that he had made a mistake in the name; that it was Mandy Brown, a sister of Liza, whom he wanted to wed. The clerk told him that he could not change the name, but would have to issue him a new license, and that the said document would cost him an additional dollar. Old Sam seemed perplexed at this unwelcome piece of news, and, scratching his head, remarked:

"Mistah, you jes' hold dis papah fo' a while 'til I can go out an' fix dis thing up."

"In about an hour the applicant returned and said:

"Boss, jes' han' me back dat papah you got, sah. Hit will do jes' lak it is. Ise gone out and looked dem gals ovah an' come to de conclusion dat dere ain't a dollah's wuth of difference betwixt 'em."—Washington Post.

Taking Big Chances.

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.

RAILROAD NOTES

The Delaware and Hudson is in the market for 1,000 hopper cars.

Electrical railways in the United States represent a valuation of \$730,000,000.

The sale of the Wheeling and Lake Erie has been postponed twelve times. It is scheduled for sale again on August 8.

The Pennsylvania railroad has set aside \$100,000 to be used for the relief of the families or other dependents of employees who have enlisted in the army or navy through the national guard or otherwise who have been called into active service.

A new folder issued by the Canadian Pacific Railway will be appreciated by tourists and travelers. It contains large sectional maps and includes a profile map of the main map from Montreal to Vancouver showing the altitudes of the various stations.

A charter has been granted the Texas Electric Railway company, capital \$10,500,000, which will take over the Texas Traction company and the Southern Traction company. The capital is divided into \$1,500,000 first preferred, \$3,000,000 second preferred, and \$8,000,000 common stock.

Upon very good authority it is stated that the Baltimore and Ohio railroad is trying to buy the Eastern Kentucky railway, which runs from River-ton on the Ohio river, to Webbville, Lawrence county. It is thirty-five miles long and penetrates a rich coal territory. It was one of the first lines built in eastern Kentucky. It would help the Baltimore and Ohio to get a direct line into the Kentucky coal holdings.

Recent railroads have been heavy. An inquiry is going the rounds from the Canadian Northern for 50,000 tons. Repairs being made to freight and passenger cars by the leading railroads in this country have brought about a substantial demand for steel in this connection and the carriers are asking for more material than at any time heretofore for this purpose.

George B. Haynes, general passenger agent of the Chicago, Milwaukee and St. Paul, has been making an extensive trip of investigation through the west and reports railroad conditions especially good. Farmers in the central west are locating in large numbers along the St. Paul, particularly in the Dakotas and Montana and new land is being broken and put in crop at a rapid rate. Passenger business in the north coast country shows a marked improvement over conditions last year, especially in tourist traffic to Alaska from Seattle. There is every reason to believe the prosperity enjoyed in territory tapped by the St. Paul will continue for a long time to come, says Mrs. Haynes.

Alberto Madero, brother of the former president of Mexico, has filed a complaint with the interstate commerce commission against the El Paso and Southwestern and the Chicago, Rock Island and Pacific alleging overcharges in the shipment of cattle from ranges in Chihuahua, Mexico, to El Paso and Middle Water, Tex.

Chinese railroad embankments are protected from floods by planting them with a native grass with tenacious roots that resist erosion. American railroad men who have seen the Chinese scheme are said to be contemplating experimenting with it in certain sections of the west, though it is not known whether the grass seed will thrive in this country or not.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All drug-gists, 75c.

Biliousness and Stomach Trouble.
"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Ver-bryke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

IS MILITARY TRAINING BENEFICIAL TO RECRUITS

Port Royal, S. C., July 28.—Plain, wholesome food, fresh air and regular hours caused the recruits of the ninth drill company of the United States Marine Corps, in training at the recruit depot here, to gain almost seven pounds per man in weight, after fourteen weeks of instruction. This company of fifty-six men weighed, upon enlistment, 8,076 pounds and at the end of fourteen weeks' training it increased to 8,467 pounds, a gain of 391 pounds.

This same company had a chest capacity, upon enlistment, of 11,909 cubic inches, and, after fourteen weeks, had increased it to 13,235 cubic inches, a gain of 1,326 cubic inches.

The physical gain of this company was 38 per cent.

Dwelling Burns at Durant.

Durant, Okla., July 27.—Monday night at 10:45 o'clock fire was discovered in the residence of Mrs. A. E. Sewell. The fire department succeeded in confining the fire to the kitchen and dining rooms, although the contents of both of these rooms were a total loss. The loss to Mrs. Sewell is about \$200, while that to the house, owned by W. J. Lester, was about the same.

"Where are you taking the pigs?" inquired a surveyor of a Tennessee mountaineer who was leisurely driving a herd of hogs.

"Out to pasture 'em," was the reply.

"What for?"

"To fatten 'em."

"That must be a pretty slow method," remarked the northerner. "Up where I live we pen them up and feed them on corn. It saves a lot of time."

"Yass, I reckon it does," drawled the mountaineer, "But what's time to a hawg?"

Constipation and Indigestion.

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

What's the Answer?

Fifty years ago two-thirds of all Americans lived on farms. Today but one-third lives in the country. How do you explain it when every year life on the farm grows easier and every year it becomes harder in the city?
